After completing your list, take a few minutes to think and talk about ways we can let God know that we are thankful for the things He has given us.

In the last lesson, we learned that God's words in the Bible are living.

We bring them to life as we change to become more and more like His words.

Do you think that being thankful for all God has given us is a good way to bring

His words to life? We see trees and birds every day!

How often do we remember what great gifts they are?

To find your next puzzle, you have three word clues to help you decide where to look . . . **EAT, DRINK, and WEAR.**

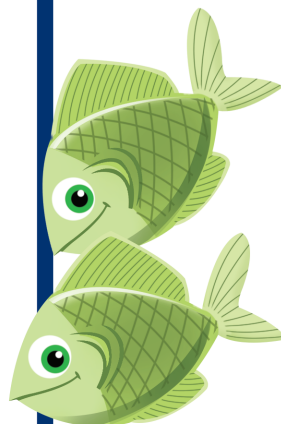

PUZZLE #4

Find the word BREAD five times in the puzzle. Find the word FISH two times in the puzzle. You are getting near the treasure and finding out if King David knew what he was talking about! Look up John 6:5-13 in your Bible.

★ CONGRATULATIONS! ★

Congratulations! You have solved the puzzles and cracked the codes to find that King David was not the only one who believed that everything in the heavens and earth belongs to God!

You found six verses from the Bible that all agreed with King David, and there are many more we didn't have time to find. You might remember that last week we learned God's Word can become alive inside us and help us stay on God's path. This week, we found out that everything belongs to God. All our stuff and things we thought were ours were actually given to us by a God who loves us and wants to provide for us. Now we have this week to let those words come alive inside us.

- Will they change us?
 - Will we become like King David who told everyone how great God is?
 - Will we take better care of the things God has given us?
 - Will we appreciate what we have or fuss about what we don't have?
- Knowing that everything we have was given to us by God is a very important step in understanding the Secret of Handling Money God's Way.
